I would like to extend my sincere appreciation to Friends United for providing Indigenous artwork to be displayed in my constituency office, as well as the generous donations to local hospitals, schools, universities, and government offices to name a few locations.

Indigenous art carries with it stories, traditions, teachings, and connections to culture and community. By making these works accessible in public and community spaces, Friends United is helping to create opportunities for people to experience, appreciate and learn from Indigenous artists and the rich cultural heritage they represent.

The artwork in my constituency office is a wonderful addition to the space and will be seen and appreciated by residents, families, community organizations and visitors to my office.

Placing Indigenous artwork in public places provides an opportunity for people to engage with Indigenous culture and perspectives in meaningful and lasting ways. It also contributes to creating spaces that reflect the diversity, history and cultural richness of our community.

Your generosity demonstrates a strong commitment to supporting the arts while helping to foster greater understanding, appreciation, and respect for Indigenous culture.

Thak you to Friends United for your vision, generosity, and dedication to our community. You are making a positive difference to our community through your support of Indigenous art and your commitment to sharing it with the wider community.

Sincerely,

Hon. Michelle Thompson, MLA Antigonish
Minister Health and Wellness
